

PharmaWaste

Your Solution for Non-Creditable Pharmaceuticals

Improper disposal of pharmaceutical waste can cost your pharmacy in fines and may put you at risk of being shutdown. Our PharmaWaste program offers a simple way to properly dispose of your pharmaceutical waste. By adding it to your pharmaceutical reverse distribution services with Pharma Logistics, you have a singular solution for all your waste and creditable pharmaceutical products.

This eco-friendly waste-disposal solution is available for current or new Pharma Logistics reverse distribution customers using our Onsite and Box & Ship services.

Acceptable Non-Hazardous Pharmaceutical Disposal Product

Waste

By letting Pharma Logistics dispose of your pharmaceutical waste, you can:

- Ensure compliance with state, local and federal regulations for returns and disposal
- Avoid fines and repercussions for improper handling
- Order PharmaWaste kits and ship when ready
- Reduce risk of harm to people, animals and the environment
- Pay for PharmaWaste with reverse distribution credits if eligible
