- Local, bonded Field Service Representatives with more than 100 hours of training come on site to handle returns
- Same-day DEA Form 222 completion
- In-person account summaries
- Online Client Portal for 24/7 data access
- Stay compliant with all local, state and federal laws
- National service coverage
- Controlled substance returns

Ask how you can receive cash within 14 days from the day your product arrives at our facility with our Rapid Credit Program.

Our **100%** Credit Promise

If you don't receive 100% of the expected return value, we'll pay the difference of your service fees

Pharmacy Services

Our Field Service Representatives Save You Work and Time

Full Pharmacy Compliance Solution

Managing reverse distribution can be a demanding process. Some pharmacies choose to handle this work themselves, taking a significant amount of resources and time.

Pharmacy Actions

Pharma Logistics' Onsite Service saves you a significant amount of resources and time. From packaging to disbursement, your entire expired drug return process is completely handled—with clear and easy tracking every step of the way.

Online Analytics

For added visibility, Pharma Logistics provides you with our Online Client Portal for 24/7 data access. Improve your ROI by saving hours of labor, quickly tracking your returns and credits in real time.

Drug Take Back Program

Our Drug Take Back Program ensures your customers have a convenient way to properly dispose of over-the-counter medications, prescription drugs and controlled prescription drugs. This helps protect your community from prescription drug abuse and accidental poisoning; it also reduces the dangers of pharmaceutical waste through environmentally safe disposal.

How to Get Started with Pharma Logistics

Whether you're currently working with a pharmaceutical reverse distribution company or doing all the work yourself, getting started with Pharma Logistics is easy. Just call us at 888-729-7427 and we'll make sure you get all the information you need to make the best decision for your pharmacy.
