VA Drug Liquidation Program Benefits

- Guarantees all funds are issued within 90 days of job processing
- Eliminates the confusing and difficult task of tracking funds while maintaining compliance
- Provides a secure, safe, and compliant expired drug storage solution
- Reduces labor burden on staff by utilizing industry leading technology
- Delivers compliance and can be implemented in less than 30 days
- Pharma Logistics strictly adheres to VHA Directives including 1108.07, PBM guidance, and OIG recommendations

The VA Drug Liquidation Program was created specifically for the VA by following the VHA Directive 1108.07, recommendations from OIG, and PBM guidance. Our solution is easier to oversee, reduces risk, and takes the labor burden off of staff.

For more than 25 years, Pharma Logistics has successfully served the needs of VA medical centers across the country. Pharma Logistics' direct experience with the OIG has positioned us to create the industry's only fully compliant solution.

Pharma Logistics' customer portal exceeds VA technical requirements, providing more than a dozen reports for visibility into the drug returns process.

 The industry's only fully compliant solution that follows all VHA Directives and PBM Guidance
